* Need WiFi iBox for smartphone APP control

Compatible with

FUT089 FUT092 FUT088

B8

B4/T4

B0

Group Control, Easier Operation

Group control countless controllers by remote and smartphone(app), control each zone separately

Signal Auto-transmitting make the control distance limitless

One controller can send the commands from the remote control to another, which makes the control distance limitless.
(The signal-receiving distance between controllers cannot be over 30m)

Auto-Sync function on same dynamic mode

Different controllers can work synchronously when they are started at different times, controlled by the same remote, under same dynamic mode and with same speed.
